The appearance of a company's name or product in this database does not in itself assure that products so identified have been manufactured under UL's Follow-Up Service. Only those products bearing the UL Mark should be considered to be Listed and covered under UL's Follow-Up Service. Always look for the Mark on the product.

The listed programmable controllers named may be modify by "-J" in the middle. The modifier '-J', which signifies a cosmetic difference (the front panel is flat), replaces the numerals 11/33/35/57 if they appear in the controllers name.

For example, controller models named JZ10-11-R10, V130-33-T38, V350-35-T38, V570-57-T20B, V1040-T20B & JZ20-R16, will be modified to JZ10-J-R10, V130-J-T38, V350-J-T38, V570-J-T20B, V1040-J-T20B & JZ20-J-R16, respectively.
